Summer 2025 Required Readings | K3, K4 and K5

Continue reading even when school is out for the summer!. Reading promotes fluency, increases children's vocabulary, stimulates their imagination, expands their knowledge of the world and increases/maintains their comprehension skills. To prevent the typical "summer slide" students experience when not in school, we are requiring students to read. Each grade level has developed a specific reading assignment (see your grade level below). These are also some resources and many offer prizes.
